

FEBRUARY 2021

Happy Valentine's Day!

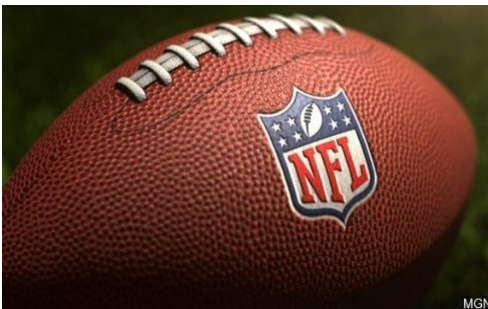

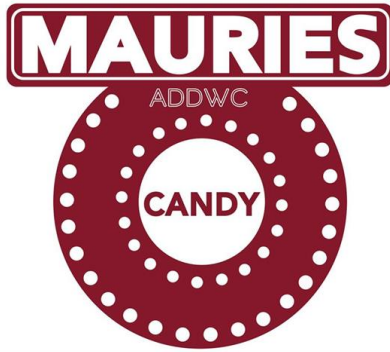

RESIDENTIAL PROGRAM

Clients are thrilled to get to come back to the workshop this month!! Workshop will be open part-time and we will rotate the clients to stay in compliance with social distancing. This month they will be busy doing some arts and crafts for Valentine's Day, as well as having a Super Bowl party with lots of snacks as they watch the big game.

RECYCLING NEWS

- ADDWC collected/processed a total of 401.2 tons of recyclable materials in 2020!
- A small portion of our work crew will return on Feb.1st. We are excited for their return!
- We are asking for cooperation from businesses that drop off a substantial amount of recycling material at our Moody street location to please do so Monday through Friday between 9am and 1:30pm. This will help prevent an overflow of material on weekends when workers are not present to process the material. Thank you in advance!
