

CLIENT SPOTLIGHT

This month our spotlight is: Tom

Tom has lived at ADDWC since 2004, and has worked as a recycling sorter for the last 21 years here. Tom's favorite thing about ADDWC are the staff members: Tyler R, Jake M, and Jake V. Some of the most important people in Tom's life are his mom and sister. When Tom is not at ADDWC he enjoys going home for visits and spending time with his family.

Recycling News

Our CDS programs are continuing to work on a rotating schedule in order to comply with the recommended CDC capacity.

ADDWC processed 47.90 tons of material in March, which brings our YTD total to 101.74 tons as of Apr 21st.

We are excited to welcome Amanda Mcgarvey to our CDS team! She has accepted the Assistant Vocational Director position!

Our Life Skills crew is excited about taking on the task of labeling the bags for our homemade Mauries products real soon!

Two more of our vocational participants have begun working at Mauries on a regular basis! They will be in charge of the cleaning.

Reminder to all businesses utilizing our drop site; please do so Monday through Friday between 9am and 1:30pm. This will help prevent an overflow of material on weekends when workers are not present to process the material. Thank you in advance!

We know the circumstances of the past year have posed many challenges for all of us whether mentally, financially, personally, or from a business standpoint. It was no different for ADDWC.

During this time, we took a hard look at the methods, safety and efficiency in which we operate our recycling program.

As you may know, we discontinued business recycling pickup's over one year ago now. With the best interest of the agency and its clients in mind, the ADDWC management team has recently made the decision to **permanently discontinue** the recycling pick-up routes.

MAURIES SUGAR SHOPPE

Mauries Sugar Shoppe continues to bring our individuals back to work, and they are very excited.

The shoppe itself is adding new products, and customers are enjoying: Karamel Pops, Heavenly Delights, Smoothies, Ting-a-lings, chocolate or peanut butter fudge in small individual containers, a variety of Chocolate Creams and Chocolate Covered Raspberry Jellies. Please come in and try some of our new treats.

Field trips have been a big hit at Mauries. We have hosted 2 school field trips and have 2 more scheduled for June. The kids enjoy learning about Mauries and seeing how some of our treats are made. We will continue providing these opportunities and will be expanding to birthday parties in the near future.

We continue to receive special orders, both large and small, recently providing the treats for the Peoria Symphony Orchestra's annual fundraiser. Our contact shared they are "looking forward to a long relationship with Mauries!" We are very encouraged by her comment and look forward to working with them in the future.

We have submitted applications to the state of Illinois to sell our products wholesale to businesses who wish to carry them. We are also in discussions with a business in Pekin, Mauries original home, who would like to sell our products. Folks in Pekin have shown overwhelming support for this possibility.

As you can see, Mauries is finding its place and continues to grow despite the pandemic. We are looking for, and finding more ways to include our individuals in an effort to provide meaningful employment.

Thank you to everyone for your continued support.

RESIDENTIAL PROGRAM ACTIVITIES

With a small group of clients that have different abilities, Life skills has been trying to find activities that appeal to the whole group.

In May we will be working on:

Sunny Day Canvas Crafts, DIY Tile coasters, Getting outside more, and a field trip to Maruies Sugar Shoppe.

In our Cilas they plan to stay busy tie-dying shirts, playing a game of in-door bowling, and taking a van ride to the lake.
